## **Comprehensive Needs Assessment**

Revised/Approved: June 29, 2023

## **Demographics**

**Demographics Summary** 

EJ Moss Intermediate grade 4-6 enrollment of 981 students.

4th grade enrollment 324 students. 5th grade enrollment 335 students. 6th grade enrollment 322students.

General education class sizes range from 17 to 28.

Special education class sizes range from 5 to 11.

30 ESL students will be monitored through TELPAS.

493 Females

488 Males

American Indian- .20%

Asian- 1.12%

Black/AA- 5.50%

White - 68.30%

Two-or-more- 6.01%

#### **Demographics Strengths**

Our grade levels are very close in size, which allows us to have average class sizes in all grade levels.

According to STAAR last year, we were able to meet the targets for each of our subpopulations. We currently have an attendance rate of 95.49%.

#### **Problem Statements Identifying Demographics Needs**

Problem Statement 1: Our attendance rate in our sub populations are the lowest each six weeks. Root Cause: Having the relationships with the parents and having their trust about their child being at school daily is extremely important.

### **Student Achievement**

#### **Student Achievement Summary**

Domian1: Student Achievement: 92%

- Domain 2: School Progress: 86%
- Part A:Academic Growth-86%
- Part B: Relative Performance 91%

Domain 3: Closing the Gaps: 100%

#### In 2021-2022 school year EJ Moss received an A rating.

Reading STAAR scores:

4th grade: 91% approaches, 70% meets, 41% masters

5th grade: 92% approaches, 75% meets, 50% masters

6th grade: 84% approaches, 65% meets, 47% masters

#### Math STAAR scores:

4th grade: 87% approaches, 63% meets, 38% masters 5th grade: 93% approaches, 71% meets, 44% masters 6th grade: 87% approaches, 63% meets, 39% masters

Science STAAR scores:

5th grade: 89% approaches, 66% meets, 41% masters

#### Out of 2,068 test taken at EJM 2021-22

#### - 1,873 (approaches)

E.J. Moss Intermediate School Generated by Plan4Learning.com -1,442 (meets)

-912 (masters)

#### **Student Achievement Strengths**

We increased our percentages in 16 areas throughout all tested subjects. Teachers were intentional on using their instruction time to meet the needs of individual/ small groups of students.

#### **Problem Statements Identifying Student Achievement Needs**

Problem Statement 1: Keeping up the data increases on 2022-2023 STAAR testing in all subjects. Root Cause: Change in testing format (on-line) and question types.

### **School Culture and Climate**

#### School Culture and Climate Summary

Overall as a campus we have set high expectations and provide a lot of support in all areas (academics and behaviorally). There were few reports of bullying this year. We added more safety protocols for staff and students to follow to ensure we have a safe building.

We have incentives that help motivate our students (academics and behaviorally) We provide a celebration at the end of each semester for the students that have been leaders with their behaviors and work ethic.

Administrators, teachers, others feel a need to update the building. They would like to see the leaks fixed, tiles replaced and an overall improving of the building and campus.

#### We would like to start providing

#### \* Parent Nights

- \* End of the Year awards assembly
- \* Celebrate successes more throughout the year
- \* Positive office referrals

#### School Culture and Climate Strengths

\*safety

- \*absence of gangs, drugs, weapons
- \*student expectations
- \*school climate

\*excellent learing environment

- \*high expectations
- \*support given to staff with discipline

E.J. Moss Intermediate School Generated by Plan4Learning.com

#### Problem Statements Identifying School Culture and Climate Needs

**Problem Statement 1:** The overall condition of the two buildings. The plumbing has been a huge issue this year with all the restrooms in the building. When repaired, the fix doesn't last long before having to report the issue again. **Root Cause:** The age of the two campuses.

## Staff Quality, Recruitment, and Retention

#### Staff Quality, Recruitment, and Retention Summary

Student achievement data reflects teachers strong instructional strategies. Additionally, the mentorship program with new teachers has helped new teachers feel supported able to have success in the first few years of teaching. The staff and teacher are experienced with most of the staff having more than 10 years of experience all the way to some having up to

#### Staff Quality, Recruitment, and Retention Strengths

EJM has had few openings over the past couple of years. Many times the openings are a result of growth.

Our low turnover rate is one of our greatest strengths. In addition, most of our staff members have a great level of experience which also serves as a strength.

#### Problem Statements Identifying Staff Quality, Recruitment, and Retention Needs

Problem Statement 1: The number of students that our resource teachers are serving is continuing to increase yearly. Root Cause: Number of students qualifying for Special Ed Services.

### Curriculum, Instruction, and Assessment

#### Curriculum, Instruction, and Assessment Summary

Teacher lesson plans, grade level scope and sequence, and common assessment, and curriculum are all aligned to the TEKS. Grade level teams use common formative assessments to drive instruction. Data from STAAR, DMAC, AR Star, and formal and informal classroom data are used to drive instruction and plan interventions. Common assessments will include STAAR formatted items and STAAR released data when available. Common assessment data is used to identify student who need enrichment and support. All areas of curriculum, instruction, and assessment include collaboration with groups and partners, digital learning, critical thinking and problem solving. Curriculum lead evaluate curriculum each year based on TEKS. Teams collaborate to deliver the curriculum to all students in order to meet the needs of all learners and assess effectiveness through the use of DMAC.

#### Curriculum, Instruction, and Assessment Strengths

Students have access to ipads daily due to 1:1 ratio. The PLC process is strong and is used to monitor student progress and growth and adjusting curriculum pacing and scope and sequence as necessary. We have increased our rigor expectations and students have risen to the challenge. Through the instructional leaders, curriculum is vertically aligned.

#### Problem Statements Identifying Curriculum, Instruction, and Assessment Needs

**Problem Statement 1:** Vertical alignment is a challenge due to grade levels not having the opportunity to meet and plan with other grade levels of the same content area. This would help fill in gaps and also discuss the needs of each grade level and what each grade levels needs to ensure that their students are able to do prior to next grade level. **Root Cause:** Not having common planning times nor having set times throughout the year to meet as vertical teams.

### **Parent and Community Engagement**

#### Parent and Community Engagement Summary

EJM promotes the involvement of families and communities throughout the school year. Parents are encouraged to volunteer at events throughout the school year. We encourage parents to participate in class parties, field day events, and eating lunch with their child. Parents are also encouraged to be an active part of their child's education by coming to events like Meet the Teacher and Parent Conference Night. We also have a family night for families to come and shop at our book fair. Fifth and sixth grade families are encouraged to help participate in fundraisers to help raise money for SkyRanch and the band. Community members are welcome to come to board meetings and are involved in the Campus Improvement Committee.

We has have a very involved PTP. This group of ladies will do something monthly for our teachers/staff to show appreciation.

#### Parent and Community Engagement Strengths

EJM has strong communication with parents through newsletters. facebook, emails, REMIND 101. Parents receive monthly emails that keep them informed of up coming events. Parents are encouraged to be involved through our PTP program, lunch visitors, and book fair. Our PTP is very active and supportive.

#### Problem Statements Identifying Parent and Community Engagement Needs

**Problem Statement 1:** We need to show the great things that are happening at EJM to all parents. We need to plan grade level parent nights to allow the parents to come learn and engage with our teachers and their child. **Root Cause:** We stopped all parents coming in during COVID and we just haven't made it a priority to open our building back up to families for large events.

### **School Context and Organization**

#### School Context and Organization Summary

Overall, the campus is safe and orderly with clear and consistent expectations. The budgetary priorities are determined by the campus goals and needs assessment.

#### School Context and Organization Strengths

School operations decisions are made after consulting and getting input from staff leaders. The campus is a safe and orderly school with high expectations and accountability. Disciplinary policies are the same across the campus and followed through with consistency among staff. Classroom needs are prioritized and met with the budget

#### Problem Statements Identifying School Context and Organization Needs

**Problem Statement 1:** We need teachers/aides greeting students as they enter each classroom. This would include first thing in the morning when the bell rings and at each class switch. **Root Cause:** Teachers get busy finishing previous class or getting ready for the day.

## Technology

#### **Technology Summary**

The network available through the district meet our needs. We are able to communicate throughout the district and from class to class. When there is a problem, it is addressed quickly. We have the resources needed to be successful with all forms of technology in the classroom.

Some staff report that they are "not as proficient as the need to be" in the realm of technology. Teachers expressed a desire to have more time with new and updated devices to feel more comfortable. Though there are many innovative trainings offered throughout the summer, teachers expressed a desire to have some more basic trainings available to them. However, we are very well supported by our technology contact. The district is making great strides by passing out more classroom ipads to be used in the classroom. Teachers said that they used their ipads, apple TVs, computers, and projectors several times daily.

#### **Technology Strengths**

Our district technology department is quick to respond to troubleshooting needs. Our students are 1:1 ipads.

#### **Problem Statements Identifying Technology Needs**

**Problem Statement 1:** Technology was created to be a supplemental tool to help students obtain goals and mastery of TEKS. However, it has turned into more of a primary source of instruction. **Root Cause:** All curriculum is on the iPad and we do not have hard copies of resources through our textbook adoptions.

## **Priority Problem Statements**

## **Comprehensive Needs Assessment Data Documentation**

The following data were used to verify the comprehensive needs assessment analysis:

#### **Improvement Planning Data**

- District goals
- State and federal planning requirements

#### Accountability Data

• Texas Academic Performance Report (TAPR) data

#### **Employee Data**

- Campus leadership data
- Campus department and/or faculty meeting discussions and data

## Goals

#### Revised/Approved: October 9, 2023

Goal 1: All students are provided the opportunities and guidance to prepare them for college/career.

Performance Objective 1: Improve student learning and progress in meeting grade level student expectations through a variety of programs and strategies.

**Evaluation Data Sources:** All students will show growth through each 6 weeks period and by the end of the instructional year. Evidence considered for growth will be ongoing review of data from subject level common assessments, student expectation tutorial data, benchmarks, digital programs, TELPAS, and STAAR.

| Strategy 1 Details   |      | Rev       | iews |           |
|--|------|-----------|------|-----------|
| Strategy 1: Collaboration among subject leaders and their PLTs to develop common assessments. Subject Leaders will   |      | Formative |      | Summative |
| input assessments or coordinator with campus counselor to input assessments in DMAC. Assessments will be answered utilizing digital answer documents. This will allow for immediate score feedback and more timely analysis of SE data. All  | Nov  | Jan       | Mar  | June      |
| ents will be TEKS aligned to STAAR readiness and/supporting standards.   |      |           |      |           |
| <ul> <li>Strategy's Expected Result/Impact: Teachers will use STAAR level questions to develop and administer regular common assessments every 4-6 weeks according to academic units of study.</li> <li>Teachers will identify students and specific SE's that require further instruction in AIM, enrichment, whole class instruction, and/or small group.</li> <li>Growth spreadsheets will be used to record student progress and overall growth towards end of year goals</li> <li>Staff Responsible for Monitoring: Principal. Others involved are: assistant principals, counselors, and lead teachers. Teachers will compile and regularly update student data in a "growth expectation" spreadsheet .</li> <li>Funding Sources: Resources for assessment items - General Fund</li> </ul> | 100% | 100%      | 100% | 100%      |

## **Plan Notes**

May 3, 2023 Campus Action Team implemented the Comprehensive Needs Assessment process campus-wide to begin data collection for development of Campus Improvement Plan for 2023-2024.

May 30, 2023 Campus Action Team discussed/ created problem statements and root causes in the Comprehensive Needs Assessment.

May 30, 2023 Campus Action Team viewed and discussed/revised/added to the Campus Improvement Plan for the upcoming 2023-2024 school year.

More dates will added for the 2023-2024 school year (we will have at least 4 meetings throughout the year to discuss how the Campus Improvement Plan is working and what we will need to change/adjust/delete.)

## **Campus Funding Summary**
